LAUNCH

SUNLIGHT READABLE

The X-431 PAD IX uses the optical bonding technique of light penetration and non-reflection to achieve readability in sunlight.

UPGRADED OPERATING SYSTEM

The Android 13 operating system enhances the speed and smoothness of the user experience.

THINNER & LIGHTER

The large but lightweight brand-new design makes it easy portability.

ULTRA LARGE STORAGE

12GB memory and 512GB storage, no concerns about storage issues.

HIGHER SCAN EFFICIENCY

Multi-channel system scanning speeds up by about 10 times.

SECURE CONNECTION

SmartLink C DB15 Interface provides a more secure connection, preventing communication interruptions.

INNOVATIVE SMARTLINK C V3.0

New concept hardware design enhanced Wi-Fi communication.

Type C, Type A, DC IN, Micro SD, Mini HDMI

DB15 Diagnostic Interface

Power/Screen Lock Key

0°-180° Kick-stand

LANWAN Port, Data I/O port
& DC-IN Power Jack

Heat Sink

SPECIFICATION (Tablet)
